

Inside_LM

Design by

Patrick Fasshauer 2008

Inside_LM is the new lounge table by ofórm with a sleek cubic design. Its magic is revealed in the evening when the integrated LED-lighting illuminates the interior space. A deep imaginary space with luminous wooden surfaces arises through the mirrored finish.

Patrick Fasshauer forms a discreet counterbalance on the outside with the either black or white varnish. The design artfully plays with the reflection during daytime and with the imaginary interior space which is revealed when the integrated lighting is turned on in the evening.

The new **Inside_LM** range will be introduced shortly.

Measures: 30 x 30 x 30,8 cm
